Current Milestone:

Week 1: Create a full interface to analyze and visualize data

Week 2: Start playing around with different selection functions

Major Changes: None

What You Have Accomplished So Far:

- Gone through and read all relevant background materials (prior and related papers)
- Set up standard meeting time with Prof Aleven & Kenneth Holstein (Thurs, 6pm)
- Adapted existing code to be compatible with data streams and sliding windows
- Created code to generate level classification trees
- Finished data analysis engine
- Created color-coded visualization
- Begun playing around with different selection functions

Meeting Your Milestone: Yes

Surprises: None

Revisions to 15-400 Milestones:

Resources Needed: All resources necessary present
